DETAILED ACTION

Claim Rejections - 35 USC § 103

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Claim 20 is rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Wahl et al.

Note Fig. 7. It appears that the comb (36) has a spring portion on the end opposite from the teeth which is used for attaching the assembly to the clipper. If not then it would have been obvious to make the rear portion elastic to facilitate the attachment thereof.

Claim 21 is rejected under 35 U.S.C. 103(a) as being unpatentable over Wahl et al.

Coating of combs is old in the art and would be obvious to use with Wahl to allow the comb to be more effective.

Allowable Subject Matter

Claims 23-25 are allowed.

Art Unit: 3724

✓ Claim 22 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
